

The Ultimate, High-Performance Sage Peachtree Accounting Solution

Ready for the tools that will help your company grow and become more productive and profitable? If your business currently enjoys the benefits Sage Peachtree provides but you now want to achieve more, Sage Peachtree Quantum 2011 is the answer.

With Sage Peachtree Quantum 2011, you can accomplish more for less than comparable solutions.

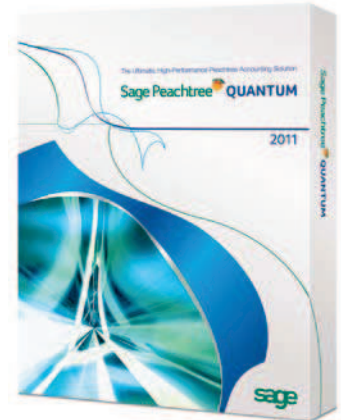

- More users and performance capacity
- More collaboration and reporting flexibility
- More functionality and tools for boosting profitability
- Less expensive than moving to a mid-market solution
- Less training required than learning a new system
- Less time to implement—no data migration required

NEW for 2011! Manage Jobs Easier and More Profitably

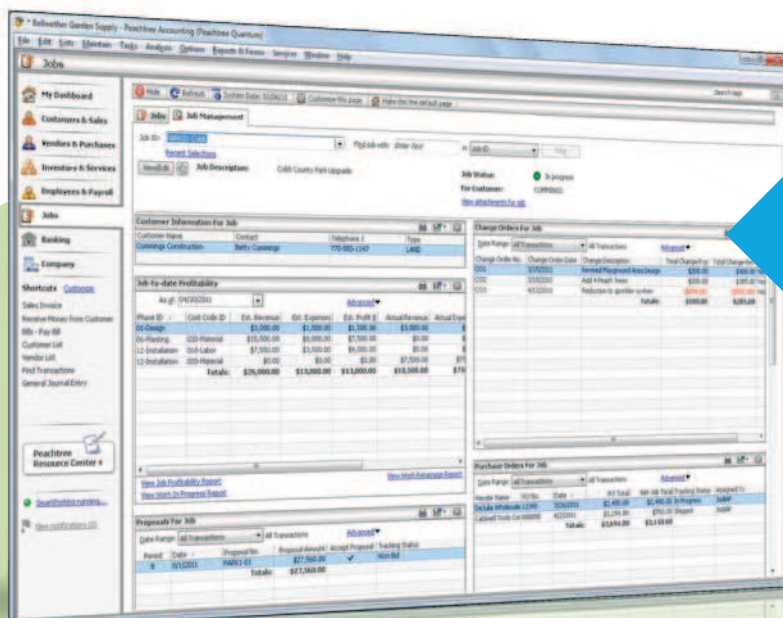

New! Job Navigation Center: Utilize a “One Stop Shop” to view all job-related information. You’ll gain fast access to key job elements including tasks and reports from a convenient, centralized dashboard.

New! Job and Project Management Center: Proactively manage your projects, track statuses every step of the way, and satisfy your real-time reporting needs. A single screen displays information relating to a particular job, customized to show exactly the data you need with instant links to the details, and secured by the access rules you set.

New! Interactive Job Reporting: Create quick, custom reports with totals that can be developed from job modules on the dashboard—all with the specific information you want or need to see. For instance, use various filters and comparisons of Original, Estimated, or Committed on the Job Profitability module to produce hundreds of reports.

- Additional functionality for expanding companies.
- Up to 40-user scalability¹ to support business growth.
- Better performance capacity = faster processing².
- Low total cost of ownership for better ROI.
- Sage Peachtree Business Care Plan³ included: One year of unlimited⁴ access to our highest level of Customer Support Analysts via phone and email. All product updates and upgrades that are released while you are enrolled. Access to online training sessions and Knowledgebase.

Quickly get the answers to job related questions with a customizable dashboard that makes managing jobs easier than ever.

Work More Efficiently Individually AND as a Team

My Dashboard

Each user can create a personalized dashboard to help get organized and stay focused on their individual tasks.

Order Process Workflow

Track all of the moving parts of your order process so nothing gets missed and everything moves along as planned. Also, notify the next person in the process with a status and specific notes as needed. You have one centralized place to keep track of all the details.

Multi-User Management

- Ability to accommodate 5, 10, 15, 20, 30, or 40 licensed, named users¹
- Strong role-based security
- Optimized database capacity⁵

The Cost-Effective Solution

Avoid the high cost of implementation, training, and maintenance you may incur by switching to a mid-market solution. By moving to Sage Peachtree Quantum, you will experience a new level of accounting and business management, while maintaining a system you are already familiar with—all at an affordable cost! In addition to the accuracy, control, and results you need, Sage Peachtree Quantum offers more with access to industry-specific product capabilities for:

¹ Multi-user licenses available in packs of 5, 10, 15, 20, 30 or 40. A maximum of 40 licensed, named users is allowed. Only the first 40 named users selected in the user maintenance screen are considered licensed, named users. ² Performance results are based on recommended system requirements for Sage Peachtree Premium Accounting 2011. Results may vary based on configuration, size and content of data file, system and network traffic. For information on testing environment refer to www.peachtree.com/test2011. ³ The Sage Peachtree Business Care Plan (which includes product upgrades, updates, and customer support) will be renewed automatically each year on the anniversary date of your purchase unless you terminate your agreement prior to that date. Renewal is not required to continued access to product updates for supported versions. ⁴ Customer Support Analysts are available from 8:30 a.m. until 8:30 p.m. ET Monday-Friday, and reserve the right to limit calls to one hour or one incident. ⁵ Sage Peachtree does not impose a hard limit on database capacity, however, individual performance will vary depending on actual number of transactions, database size, and number of concurrent users. Data management efficiencies are also realized in the Sage Peachtree 2011 products.
